

AL451

GLASS WASHER - BASKET 450 x 450 mm

PRODUCT DESCRIPTION

BEST-IN CLASS FLEXIBILITY

Stainless steel structure 18/10 AISI 304. Double-skinned balanced door.

Stainless-steel coplanar rotating arms for easy cleaning.

Temperature thermometer. Possibility to change the cycle parameters.

The programmable THERMOLOCK system ensures that the rinsing cycle starts only at the temperature of 85°C: the ideal temperature for strongly reducing the bacterial load.

Standard equipped with built-in rinse aid dispenser for the best drying results.

Standard equipped with built-in connection for detergent dispenser.

Standard equipped with built-in connection for drain pump.

Standard equipped with a built-in connection for WiFi module.

Wide range of options available on demand. Standard equipped with a basket for glasses and a basket for plates.

Thanks to its bigger basket size, this model is characterized by high productivity and great flexibility: barmen will appreciate the possibility of washing bigger dishes.

Perfect for beer glasses and ice cream cups in high quantities, as they can be used immediately after washing, thanks to a specific cold final rinse

Highly resistant and anti-scratch capacitive display, designed to bear with any modern kitchen stress.
