

# B51

## HOOD TYPE DISHWASHER

### PRODUCT DESCRIPTION

#### 100% STAINLESS STEEL

Stainless steel structure and tank AISI 304.

Upper and lower wash and rinse rotating arms for easy cleaning.

Stainless steel pump intake filter.

#### Electro-mechanic functioning.

**Two washing cycles:** 60 seconds and 150 seconds.

Stainless steel heating elements, resistant to corrosion and limescale.

Suitable for line or corner installations. Height-adjustable legs.

Hood lifting thanks to springs.

The washing cycle starts only when the hood is completely closed.

The appliance stops working if the hood is lifted by chance.

**Standard equipped** with built-in rinse aid dispenser for the best drying results.

**Standard equipped** with built-in connection for detergent dispenser.

**Standard equipped** with built-in connection for drain pump.

As option, stainless steel surface filter available **on demand**.

**Standard equipped** with a basket for plates and a basket for cups.

**Extremely easy to use:** in addition to the ON/OFF switch, this model is characterized by just one push-button. So, it stands for the right hood-type dishwasher even for untrained users and extremely hectic bars and pubs.

**Classy interface with chromed buttons.** LED lamps are more visible than standard to better control the machine also from far away.
